## Master Class with Sir John Jones

# THE MAGIC WEAVING BUSINESS

## Finding the heart and soul of teaching and learning

Sir John Jones will draw inspiration from his best-selling book: "The Magic-Weaving Business – Finding the Heart of Learning and Teaching" for his master class **'The Magic-Weaving Business - finding the heart and soul of teaching and learning.'**

Sir John will remind teachers of the tremendous power they have to transform lives but will also explore how their role will have to adapt to a rapidly changing world - indeed one that does not yet exist. Change is mandatory but growth is optional and John Dewey said that if we teach our children today the way we taught them yesterday then we will deprive them of their tomorrow.

While exploring some new thinking around free learning, growth mindsets, school in the cloud and expeditionary learning, Sir John will underpin the message with a reminder that while children will forget most of what we make them think, they will never forget how we made them feel.
